## THE SECURITY CHIEF'S TALE: Liza Minnelli with David Gest

But he did, as part of his job, "rub a lot of goop on her," Hamdi acknowledged. "That's in the book."

Hamdi said he's hoping for publication early next year. "The book's written, and it's just waiting for the right time. And it's

not about the money. It's about telling the truth."

Superflack **Liz Rosenberg**, a pal of Minnelli, retorted: "They can't even keep their lies straight. Liza Minnelli wouldn't and couldn't hurt a fly."

## ASHLEY'S ESCAPE FROM NEW YORK?

Is college sophomore-to-be **Ashley Olsen** already giving up on NYU? Us Weekly reports that the blond Olsen twin might transfer to the California art school where sister **Mary-Kate** is spending the fall semester. Not to mention the fact that Ashley is "getting more serious" with her new boy toy, L.A. nightclub co-owner **Greg Chait**. Yesterday, Olsen's rep, **Michael Pagnotta**, insisted to *Lowdown*: "Ashley absolutely is coming back to school at NYU in the fall. And Mary-Kate's not transferring anywhere — she's doing an approved independent study, for credit."

HIGH-FLYING: Amy Sacco

## Sacco's latest business venture about to take off

**B**ungalow 8 owner **Amy Sacco** won't be sidetracked from her quest for world domination.

Tomorrow at noon, the New York nightlife queen is launching an exclusive travel service called *Air Bungalow* with an inaugural flight to — where else? — Miami for the MTV Video Music Awards.

With private charter company *VI Jets* supplying the aircraft, Sacco will try to re-create, at high altitude, the luxuries of her Chelsea celebrity retreat — trendy music, impeccable service and a beautiful clientele.

"I was sitting at the Oscars last year, talking to **Natalia Vodianova**, and we said, 'We should have an airline called *Air Bungalow*!'" Sacco told *Lowdown* yesterday. "I picked *VI*, and we decided we would do these luxury gift bags; vouchers to my favorite hotels, restaurants — like an editor's pick of what's hip."

Sacco has chosen 10 of her closest friends to accompany her on *Air Bungalow*'s maiden flight — but good luck guessing who she picked from a Rolodex that includes **Eva Mendes**, **Jack Nicholson** and **Clive Owen**.

"We're not talking about who's flying," she said. "One of the things about the service is the privacy. Like *Bungalow*, we don't name names."
